PROVISIONS

- A. This permit is valid only for the purpose specified herein. No change of program as outlined in application or drawings submitted with application is permitted except upon written permission of the Chief Engineer or his representative.
- B. Activities and uses authorized under this permit are subject to any instructions of the Chief Engineer or his representative. **ALL INSTRUCTIONS MUST BE STRICTLY OBSERVED.**
- C. Permittee shall assume entire responsibility for all activities and uses under this permit and shall save the District free and harmless from any and all expense, cost, or liability in connection with or resulting from the exercise of this permit including, but not limited to, property damage, personal injury, and wrongful death.
- D. Any damage caused to Flood Control structures by reason of exercise of this permit shall be repaired at the cost of the permittee to the satisfaction of the District. Should permittee neglect to promptly make repairs, District may make repairs or have repairs made and permittee will be billed and shall pay costs.
- E. Any structure or portions thereof or plantings placed on District rights of way or which affect District structures must be removed, revised, and/or relocated by permittee without cost to the District, or any other public agency the District shall so designate, should future activities or policy so require.
- F. This permit is valid only to the extent of District jurisdiction. Permits required by other interested agencies and consent of underlying fee owners of District easement lands are the responsibility of the permittee. **NOTHING CONTAINED IN THIS PERMIT SHALL BE CONSTRUED AS A RELINQUISHMENT OF ANY RIGHTS NOW HELD BY THE DISTRICT.**
- G. This permit is subject to all prior unexpired permits, agreements, easements, privileges, or other rights, whether recorded or unrecorded, in the area specified by this permit. Permittee shall make his own arrangements with holders of such prior rights.
- H. Unless otherwise specified herein, this permit may be revoked or canceled at any time by the Chief Engineer or his representative when required for flood control or conservation purposes.
- I. Upon written notice of cancellation or revocation of this permit for any cause whatsoever, permittee shall restore District right of way and structures to their condition prior to the issuance of the permit and then shall vacate District property. Should permittee neglect to restore the premises or structures to a condition satisfactory to the Chief Engineer or his representative, the District may perform such work or have work performed, and permittee agrees to reimburse the District for all costs of the work so performed upon receipt of a statement thereof.
- J. In the event of a District employee work stoppage, the Chief Engineer or his representative reserves the right to suspend all activity and operations by this permit which require inspection by representatives of the District. Operations and activity authorized by the permit shall not resume until District approval to do so is given.
- K. Unless otherwise specifically provided, all costs incurred by permittee as a result of the conditions of the permit or exercise by District of any right, authority, or reservation contained therein shall be the sole responsibility of and shall be borne entirely by the permittee.
- L. Permittee shall take the necessary precautionary measures to prevent dust or other nuisances which might be created by reason of his activities.
- M. Permittee shall keep District's right of way clear of obstruction for through access at all times.
- N. Should it become necessary to cut District's right of way fence, permittee shall properly brace fence in accordance with District standards and to the satisfaction of a District representative. Temporary security fencing shall be provided across an opening in the fence at the end of each day's work.
- O. Upon completion of work authorized under this permit, permittee shall repair District's right of way fence and restore right of way to a condition satisfactory to a District representative.
- P. This permit is issued for access purposes only, and permittee shall not use District's property for storage of excavated materials, rock, sand, cement, or other material incidental to the work or any equipment necessary in connection with the work except as specifically noted.
